

Kenny writes about the recent recordings he made in Albanian whilst in Kosova...

"As you know we were again in Kosova and Albania recently distributing recordings done last time on CD and DVD. We visited a new children's church in Northern Albania and it has almost doubled in numbers from our last visit in June with over 64 adults and children. There is a great excitement and we were so blessed to see these amazing things happening. There are so many needs there and we look on this as a new door opening to help these people. While we were there we did an unexpected quick recording of three Praise Songs which the kids/youth had written themselves. I edited them last week and produced a new CD of the recordings.

As I was on my way into work this morning I was listening to the CD. It suddenly struck me that for many years, Christians were praying for Albania and its people. The former dictator of Albania once declared, "There will never be the worship of God in Albania." These kids were praising and singing at the tops of their voices, with so much enthusiasm and joy that it reminded me that God can do anything and He promises His Word will not return void. I think this is a great encouragement for those around the world who are praying for countries like North Korea, Myanmar, the Muslim world and other places and for people to keep praying....God is Faithful and hears our prayers. Our recordings going out around the world are Gods Words....WOW!"
